

Introducing the Redesigned **Freedom60[®]** INFUSION SYSTEM

Now cleared
for direct use with
HIZENTRA[®] 50 mL PFS,
when paired with the
Freedom60[®] PFS
adapter*

More Opportunities to Enhance the Patient Experience

The ideal choice for patients receiving SCIg therapy doses of 45 mL or greater

- In a comparative patient study, Freedom60[®] saved patients time and effort compared to alternate mechanical systems¹
 - **89%** of patients experienced **faster setup times**, with a **mean time reduction of 28%**¹
 - 70% fewer rotations required for operation – **63 vs. 9**¹
- **Redesigned with integrated feet** that were engineered to help improve stability
- **Cleared for use with multiple syringes**, including the BD[®] 50 mL syringe and the NEW **HIZENTRA[®] 50 mL PFS***

Introducing the NEW Freedom60® Prefilled Syringe Adapter

Freedom60®
INFUSION SYSTEM

Enables direct
use of HIZENTRA®
50 mL PFS with
the Freedom60®
Infusion System

NOTE: The Freedom60® Infusion System is cleared for use with HIZENTRA® 50 mL Prefilled Syringes. Adapter only for use with Freedom60® Infusion System and HIZENTRA® 50 mL Prefilled Syringe.

**Direct Use with the Adapter Eliminates 50 mL Vial Transfers –
Reducing Drug Prep Tasks up to 83%¹**

Both patients and professionals found the adapter easy to insert and remove²
